

## COVID UPDATE - 29<sup>th</sup> December 2021

### **COUNCIL**

During the public update on Tuesday 28<sup>th</sup> December the State Health Minister Yvette D'ath mentioned that the local government authority of Doomadgee would be listed as the address of a person who had tested positive for COVID.

**This person did not contract the infection from Doomadgee, and they have not been in the Doomadgee Community while they have been positive with COVID.**

**Please note that Doomadgee does not have any confirmed cases of COVID at this stage.**

Residents returning to Doomadgee from areas of possible concern should take all precautions possible to protect themselves and their family and go to the hospital for testing if you feel any flu like symptoms.
